KIDS SHOULD BE KIDS BUT BUMPS HAPPEN

Most children and young people make a full recovery after a head injury, however, some experience longer-term difficulties.

That's where our website can help.

Bumps Happen is an online resource for parents and carers. If your child has had a head injury, or you'd just like to know more, visit Bumps Happen for help and guidance.

The Children's Trust

BUMPS HAPPEN

What you'll find on the site

- Signs and symptoms of concussion
- What to do in the days and weeks after an injury
- Advice for parents of babies and toddlers
- Head injury symptom tracker
- Returning to school, college, nursery and activities
- Longer term advice and guidance

If your child's symptoms persist longer than six weeks and you would like to talk to one of our professionals, register your details on our website and a member of our team will be in touch.

About The Children's Trust

The Children's Trust is the UK's leading charity for children with brain injury. We deliver rehabilitation, education and community services through skilled teams who work with children and young people, and their families.
